UPTOWN

URBAN
COFFEE

Serving the best of Italy,
one cup at a time.

Since 2003 we have been designing, producing and distributing equipment with a mission to optimise the quality of service in coffeehouses, hotels and restaurants.

Driven by our passion for the world of coffee and hot beverages, we are constantly developing new products, all entirely made in-house at our company headquarters in Italy.

Our flexibility and experience allow us to adapt our machines to all needs, always guaranteeing the desired result.

In line with our commitment to ongoing innovation, we hold numerous patents for innovative systems that improve the functioning of our machines and facilitate the work of baristas, coffee roasters and wholesalers.

All BIEPI products are guaranteed and certified.

**Designed and
constructed in Italy**

UPTOWN **Elegance and** **Tradition**

Professional espresso machine
with two or three brew groups.

Dispensed coffee counters

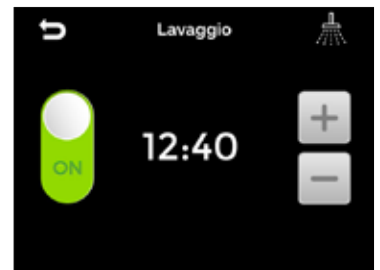

A screenshot of the coffee counter menu. It shows a title bar with a back arrow, the word 'Contatori', and a '12h' icon. Below the title bar, there are two columns: 'GROUP 01' and 'GROUP 02'. Each column has five rows of coffee icons and their corresponding counts. At the bottom, there is a 'TOT.' row.

| | GROUP 01 | GROUP 02 |
|------|----------|----------|
| ☕ | 120 | 120 |

Design

Designed by WhyNot Design studio, Uptown is an elegant machine with a modern look, thanks to the combination of brushed stainless steel and wood side panels* with the matte black body.

* The 3M™ DI-NOC Dry Wood Matte adhesive finish ensures excellent resistance to stains, abrasion, wear and tear, and mould. DI-NOC finishes are CE branded according to the 89/106/EEC construction products directive and tested according to the EN 15102: 2008 decorative wallcoverings standard. The “Dry Wood Matte” family faithfully reinterprets the tactile qualities of wood in a completely natural way. Does not contain real wood.
